

Origami Pattern - Circular

Options

Mountain creases

Valley creases

Edge

Semicreases

Radius of circle

55,000 - +

mm

Opening ratio

0,400 - +

Number of rings

15 - +

Simulation mode

To simulate with OrigamiSimulator, semicreases (or facet creases) must be added to properly simulate paper, and the circles must be approximated as polygons.

Number of sides for polygon approximating half circle

20 - +

Options

Mountain creases

Valley creases

Edge
